TASK 20 – motive puzzle (these are already written in the teamer instruction sheets!)

Honey – Agent Scoulder was asking me some questions in the reception when the piccolo came in with some luggage. I don't know why, but the agent looked really spooked.

Madame Ghenna – Agent Scoulder asked me if I could help him to locate a suitcase.

Junior – Agent Scoulder asked me the other day if I'd had any suspicious guests lately.

Mama – Agent Scoulder was complaining to me about all these new suspicious immigrants.

Agent Mully – Agent Scoulder would not stop at anything in the line of duty!

Romea – Since I haven't killed anybody, it's obvious that Agent Scoulder is trying to place the guild on me!

Fräulein Freudin – I have seen his dreams. He is afraid of Ninjas...

Mario – He left my restaurant when he saw that I also had a sushi menu. I didn't like him very much.

Eva the Shark – The word on the street is that Agent Scoulder's sister's candy was once taken by a boy with a pointy straw hat...

Giulio – I was playing mikado with my chopstick collection, and Agent Scoulder took them all!

John O'Connor – He asked me to report to him immediately if I observed any easterners in town.

Green and pink as neighbouring points brings bad karma
The Tiger stands Right
On the points, all are smooth except for southwest which is
ouch, ouch, ouch

Correct solution:

Suspect: Eva the shark

Residence: frequently seen around the skyscrapers

Known facts: A street dealer, very cunning and hard to catch.
Suspected for a multitude of illegal operations, including

Smuggling coffee

Smuggling tea

Smuggling chocolate

Smuggling teddy bears

Smuggling live bears (unconfirmed)

Illegal gambling

Pickpocketing

Bag snatching

Misleading tourists

Known associates: none, but there must be several. For all we know Eva might belong to one of the "families", or even both.

Notes:

Suspect: don Don

Residence: in his lavish palace in Chicago. Several office points around the city. Grand hotel Chicago.

Known facts: Italian origine. A head of one of the "families" in Chicago. Suspected "patron" of many criminal activities in the city. No proof for any crimes, the man seems untouchable by law. Not untouched by age, though. Maybe we get rid of this pest the natural way soon enough. No use to risk the life of our agents. Known to enjoy good wines.

Known associates: a wide network of underlings and "family members". Son: Giulio (mother unknown. Possibly an adopted child). Personal assistant: Frälein Freudine.

Notes:

Suspect: don Mascarpace

Residence: In his multi-storey house in the heart of Chicago.
Frequent visitor of Grand Hotel Chicago.

Known facts: Sicilian origine. Head of one of the younger "families". A dynamic, active criminal who does not leave any proof leading to himself, but has little problems with sacrificing some lesser underlings. Has presumably a weakness for coffee (not confirmed). Extremely wealthy.

Known associates: his "Family", a network of trusted underlings, some of which are truly related to him. The daughter, Romea (mother unknown), could be a weak point, don Mascarpace seems very fond of her. The owner of Grand Hotel Chicago, commonly known as "Mama" is suspected to have contacts with don Mascarpace.

Notes:

Suspect: Romea

Residence: In her father's residence. Frequent visitor of Chicago dance clubs.

Known facts: A cold-blooded young woman, raised from childhood in don Mascarpone's "Family", possibly to take over as a leader one day. A frequent visitor on events of the high society. Dressed after the latest fashion, wears always gloves. Suspected for arranging "accidents" to other high class women that have crossed her way in one way or other. A good shot. Makes no efforts to hide her liking to tea and chocolate.

Known associates: don Mascarpone's daughter. Mother unknown. Interestingly enough Romea is reported to have a love affair with Giulio, the son of don Don. The relationship is probably a cunning move from Mascarpone to get information about his concurrent.

Notes:

Suspect: Giulio

Residence: In his father's company. Often reported to visit museums and cultural events.

Known facts: Giulio differs much from his father, the notorious don Don. The young man has no record of even suspected crimes, which could of course also mean that he is better than most in hiding his tracks, and thus, even more dangerous than his father. Known to appreciate art in all its forms.

Known associates: Don don's son. Mother unknown, there are some suspicions that Giulio might be adopted. Recent reports on a relationship between Giulio and Romea, the daughter of don Mascarpone. This would be an unexpected turn, and could be used against either family.
